We have put numbers on the row

Before you start, measure the circumference of your wrist to be sure that the bracelet will not be too tight. Add 1 cm.

Bracelet 11

Step 1: You need a [Loom](#). Pull a [Cotton Thread](#) for a bracelet with 7 beads in the width so you need 4 thread . Take a good length, put first 7 [Micro Dabars 11/0](#) (if [HERE](#) is you need more explanation about this technic

Follow this Diagram :

Step 3:
Weave to 15 cm. If you want to weave longer add yet unique rows on each side
1 cm = 6 rows. Cut out the struts from the loom and leave about 5 cm of thread on each side. Knot and hide all threads directly in weaving.
